Quinte Bassmasters - Ontario Bass Federation Nation Chapter
Bryan Quincey, QBM President

Dear Bryan,

I wanted to send you and all of the Bassmasters a big thank-you on behalf of myself, the Frink Centre staff, and the students from the Hastings and Prince Edward District School Board, and Algonquin Lakeshore Catholic District School Board. Your recent support on Saturday April 26th, 2008 was indeed exceptional.

Due to the lack of staff involved with the Frink Centre, and the high demand of usage that the facility receives, your support and hard work throughout the years has enabled thousands of students and community members with a safe and enjoyable place to experience nature.

Because of your Club's many years of commitment and service to the Frink Centre, we will be posting a plaque to show our appreciation of the Quinte Bassmasters. The plaque will be posted on the Frink Centre's 'Beehive Wall', which depicts the names of people and organizations who have donated their time and money for the benefit of environmental education for all who visit the Frink Centre to see.

Again, thank you so much for all of your help and hope to see you out on the trails!

Sincerely,

Paul Taylor
Outdoor Education Coordinator
Hastings Prince Edward District School Board
